

Number 90:

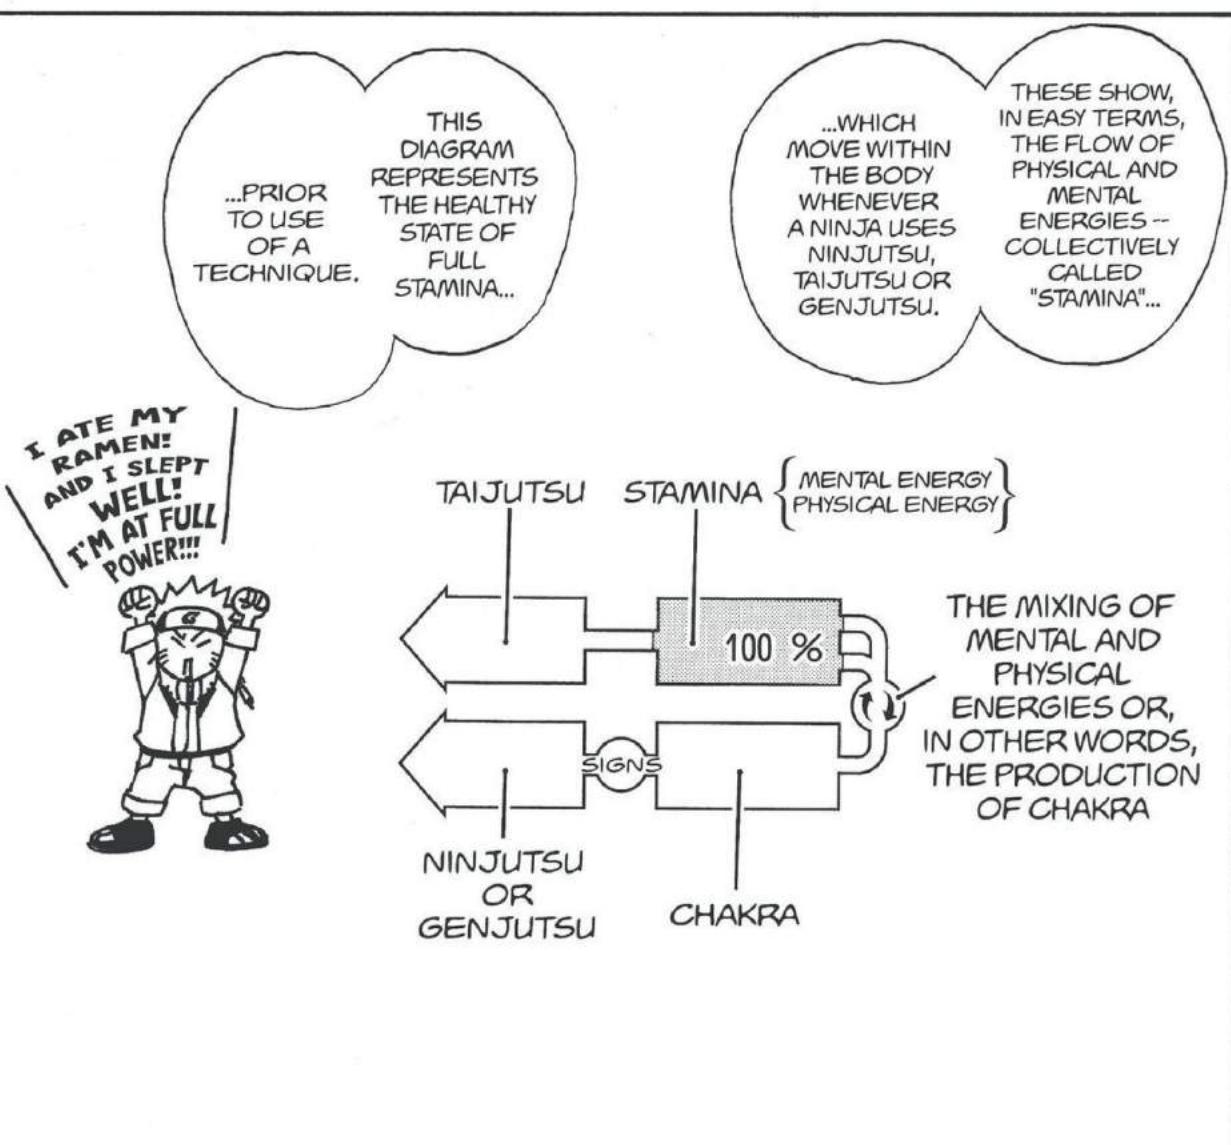

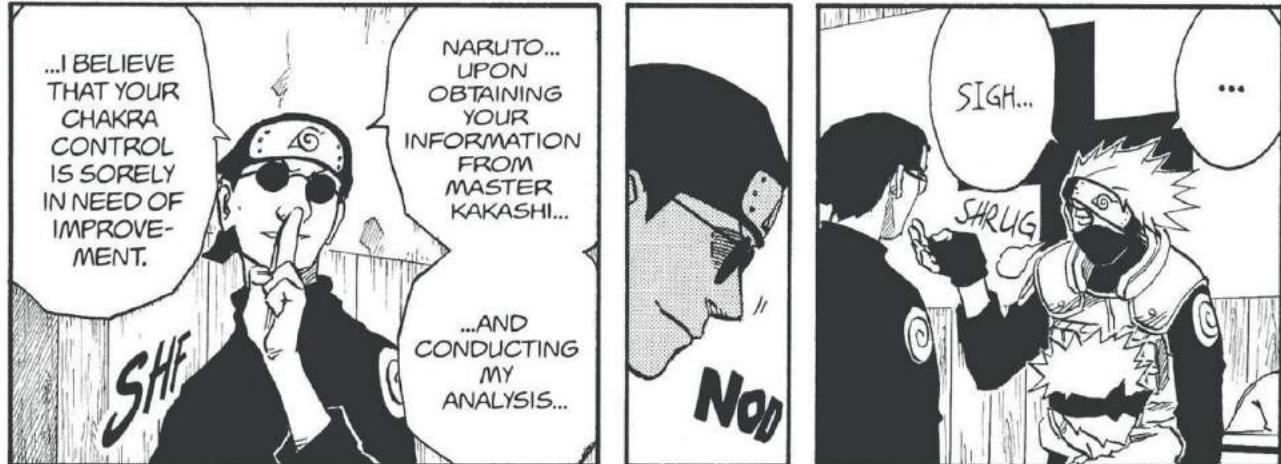

What About My Training?!

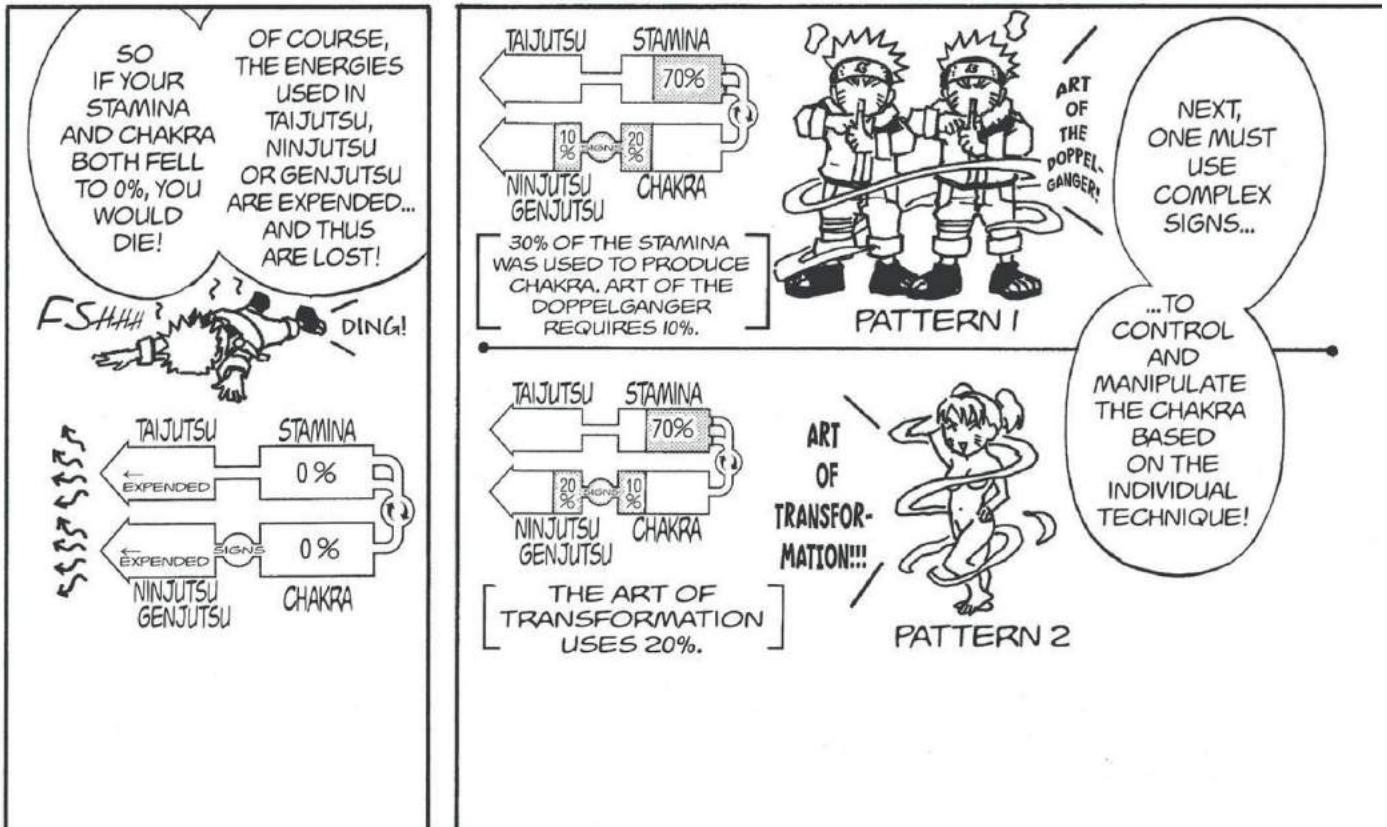

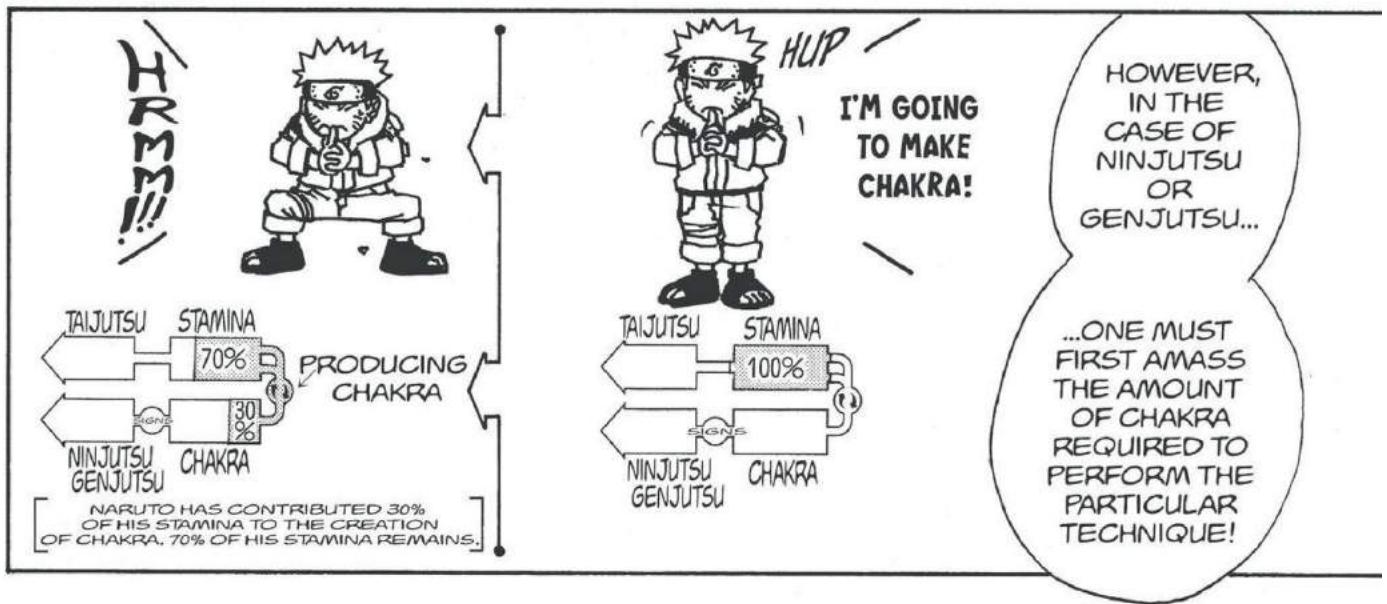

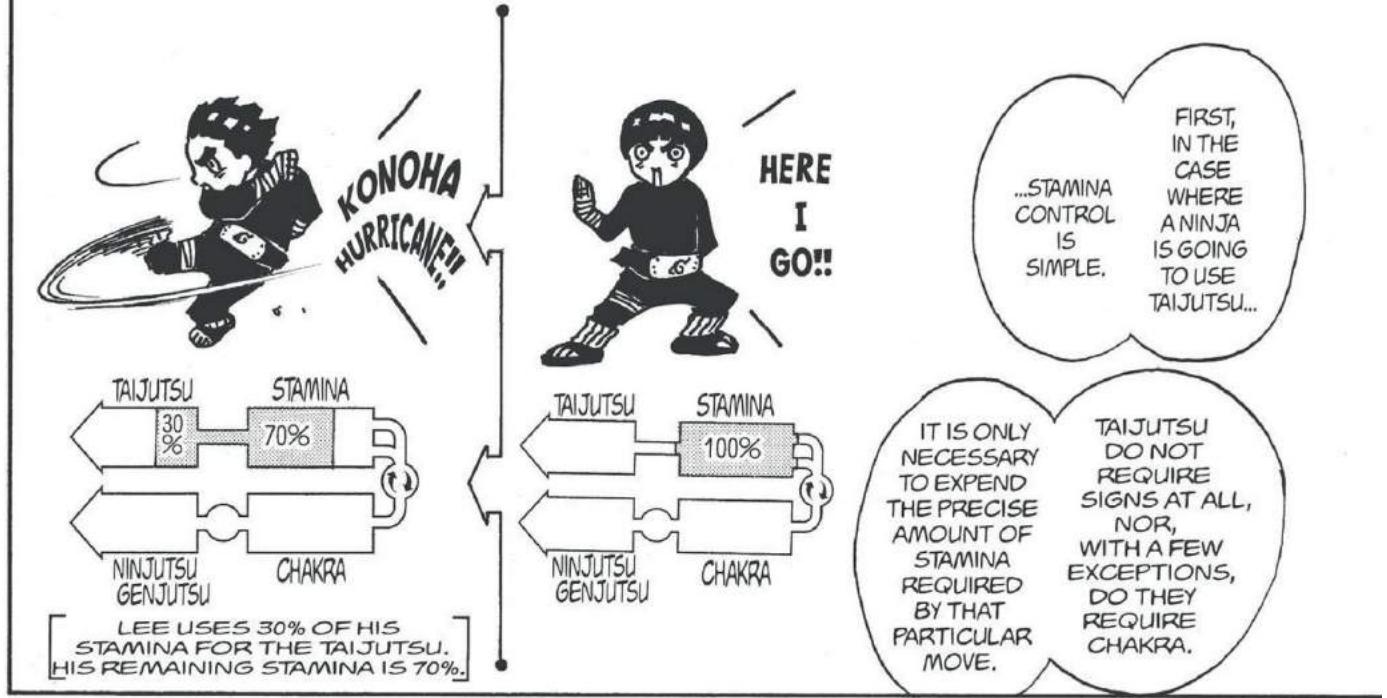

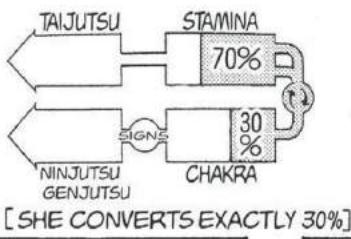

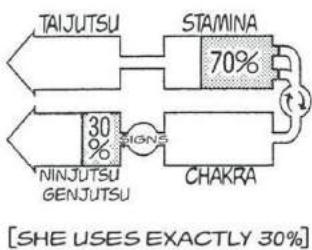

READ
THIS
WAY

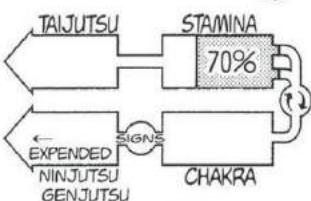

FIRST, IN
SAKURA'S CASE,
WHEN SHE INITIATES
THIS TECHNIQUE,
SHE IS ABLE TO
CONVERT PRECISELY
30% OF HER STAMINA
INTO CHAKRA.

THEN, BECAUSE
SHE CAN
EXPERTLY
CONTROL HER
CHAKRA VOLUME
AS WELL,
WHEN SHE
BEGINS MAKING
HAND SIGNS...

...SHE CAN CLEANLY
PRODUCE THREE
COPIES OF
HERSELF...
AND STILL HAVE
70% OF HER
STAMINA LEFT
FOR LATER USE!

NOW...
BUILDING
UPON THAT,
LET ME BREAK
DOWN THE
ART OF THE
DOPPEL-
GANGER
FURTHER.

LET'S
SAY 30% OF
YOUR CHAKRA
IS NEEDED
TO CREATE
THREE
DOPPEL-
GANGERS.

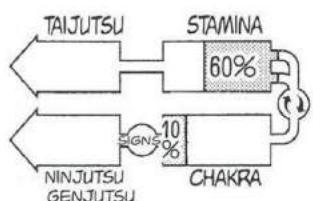

YEP!
OKAY!

HE KEEPS
DRONING
ON AND ON...
AND I DON'T
UNDERSTAND
A BIT OF IT...

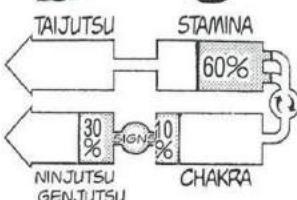

NEXT...
IN
SASUKE'S
CASE...

AND HE CAN ALSO
CREATE THREE OF HIMSELF,
BUT... SINCE SASUKE
CANNOT USE OR RECYCLE
THE SURPLUS CHAKRA BACK
INTO HIS STAMINA POOL,
THAT EXTRA 10% GOES TO
WASTE... AND HE ONLY
HAS 60% OF HIS STAMINA
LEFT IN RESERVE!

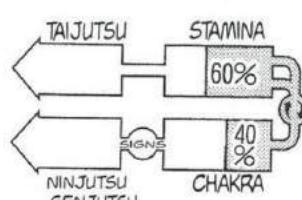

[THE REMAINING STAMINA
IS AT 60%... AND THE
EXTRA CHAKRA IS WASTED]

HOWEVER, HIS CHAKRA
CONTROL THROUGH
THE USE OF SIGNS
IS JUST AS SKILLED
AS SAKURA'S, SO...
NO PROBLEMS THERE...

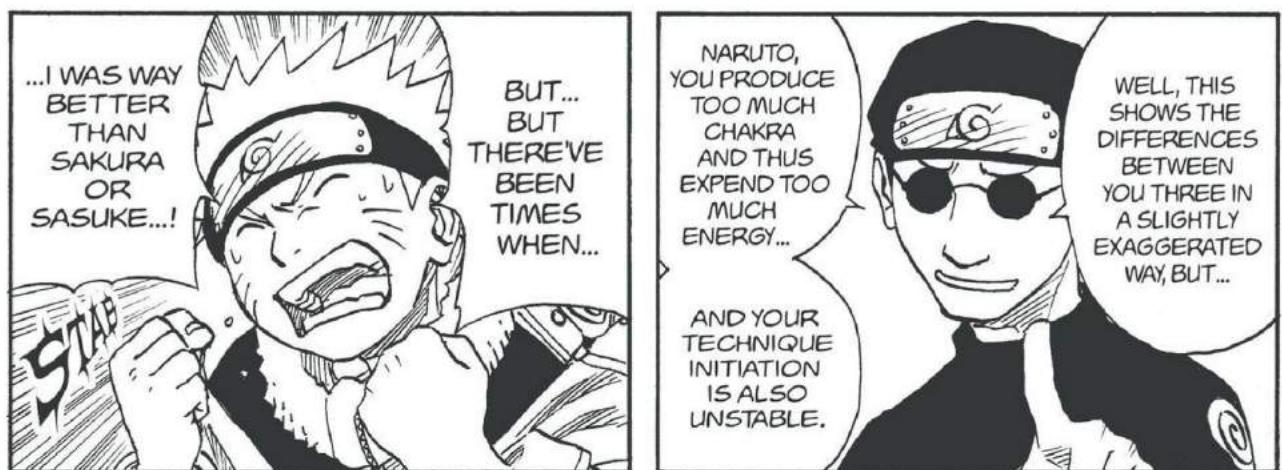

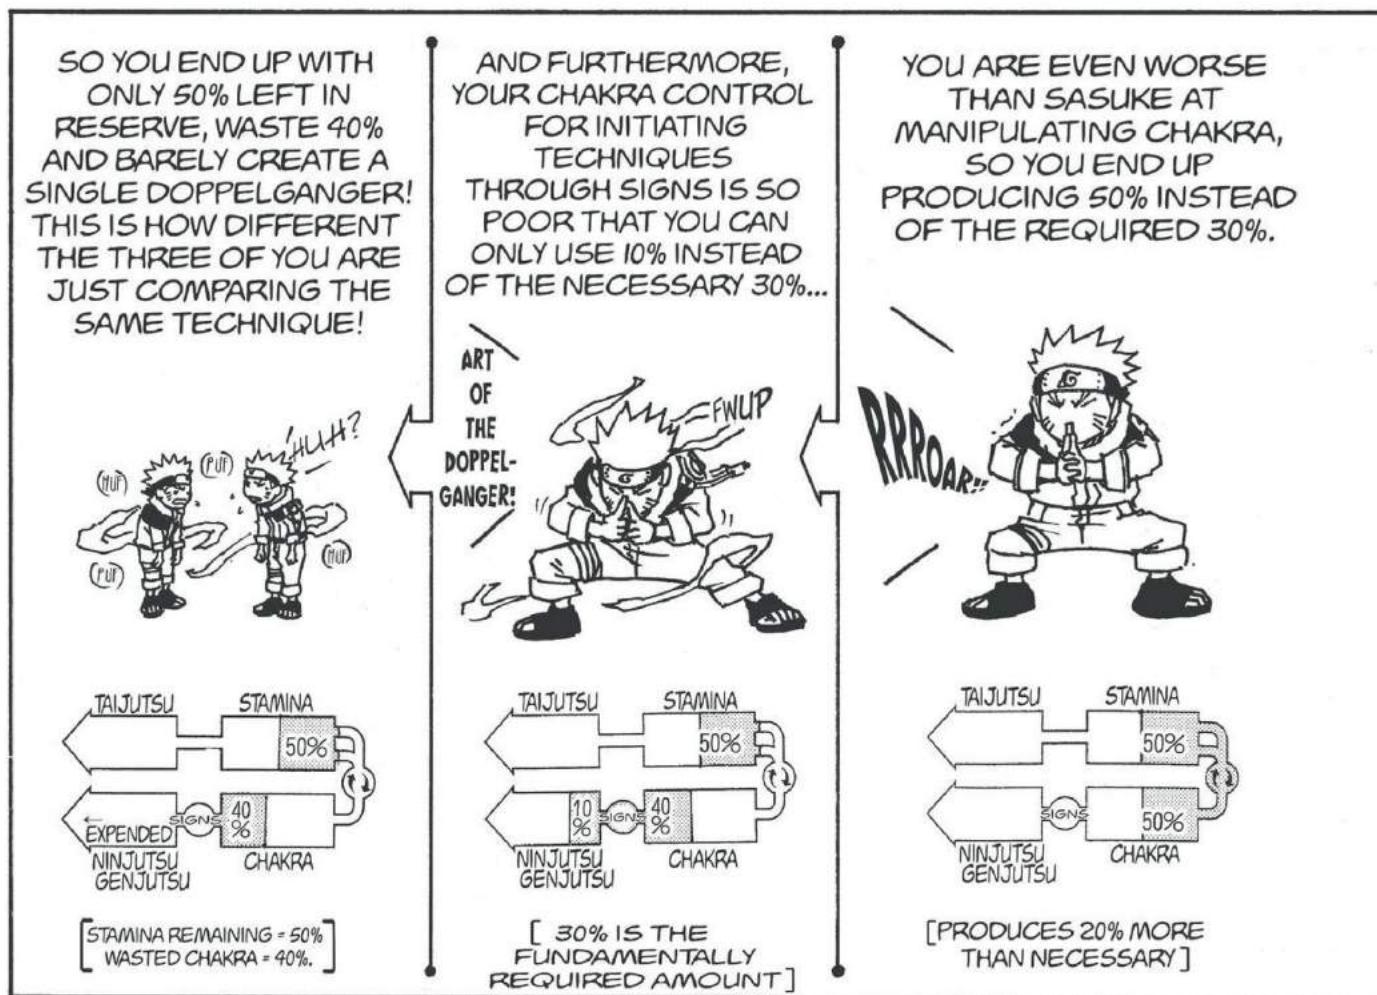

[HERE, HE'S JUST AS GOOD AS SAKURA]

HE'S NOT AS EFFICIENT
AT CREATING CHAKRA,
SO ALTHOUGH HE
ONLY NEEDS 30%,
HE PRODUCES 40%,
OR 10% MORE THAN
REQUIRED.

[HE PRODUCED 10%
MORE THAN NECESSARY]

THAT'S BECAUSE OUT OF THE THREE OF YOU...

...BUT THAT'S ALSO THE REASON HIS CHAKRA CONTROL IS SO ERRATIC.

IT'S THE INFLUENCE OF THE NINE-TAILED FOX THAT MAKES HIS STAMINA SO AMAZING...

...YOU HAVE SO MUCH UNTAPPED POTENTIAL... GOOD LUCK...

SORRY TO ABANDON YOU, NARUTO, BUT...

NOW! LET'S GO!

OF COURSE.

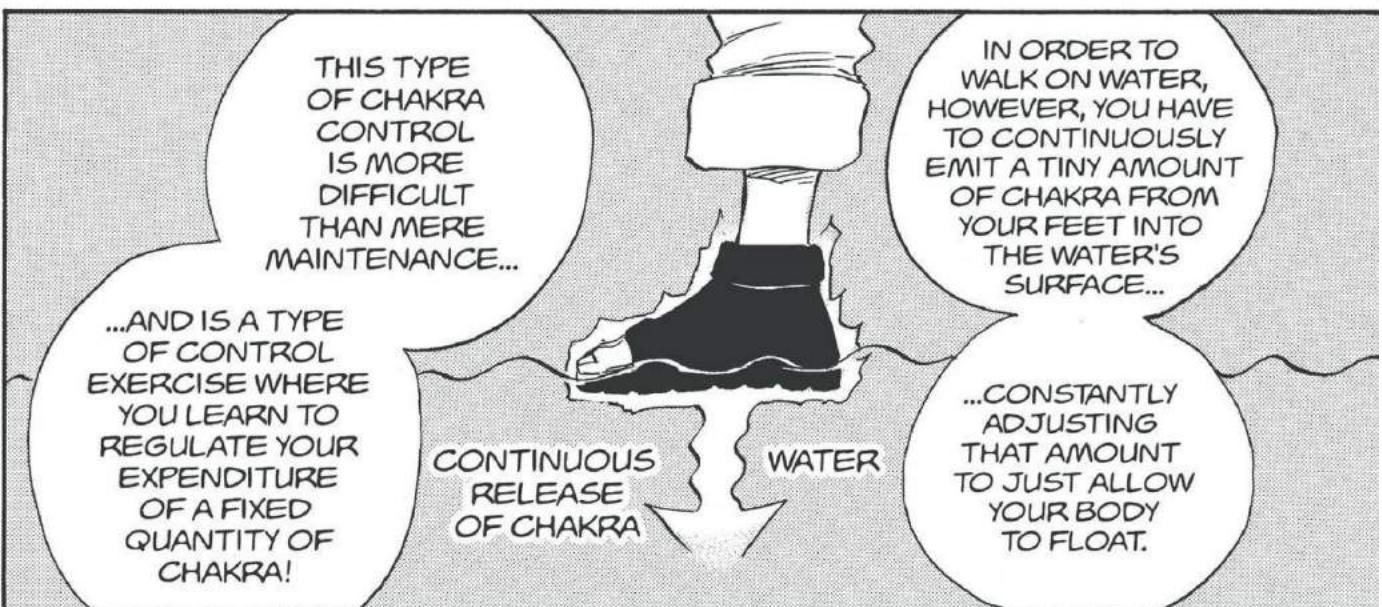

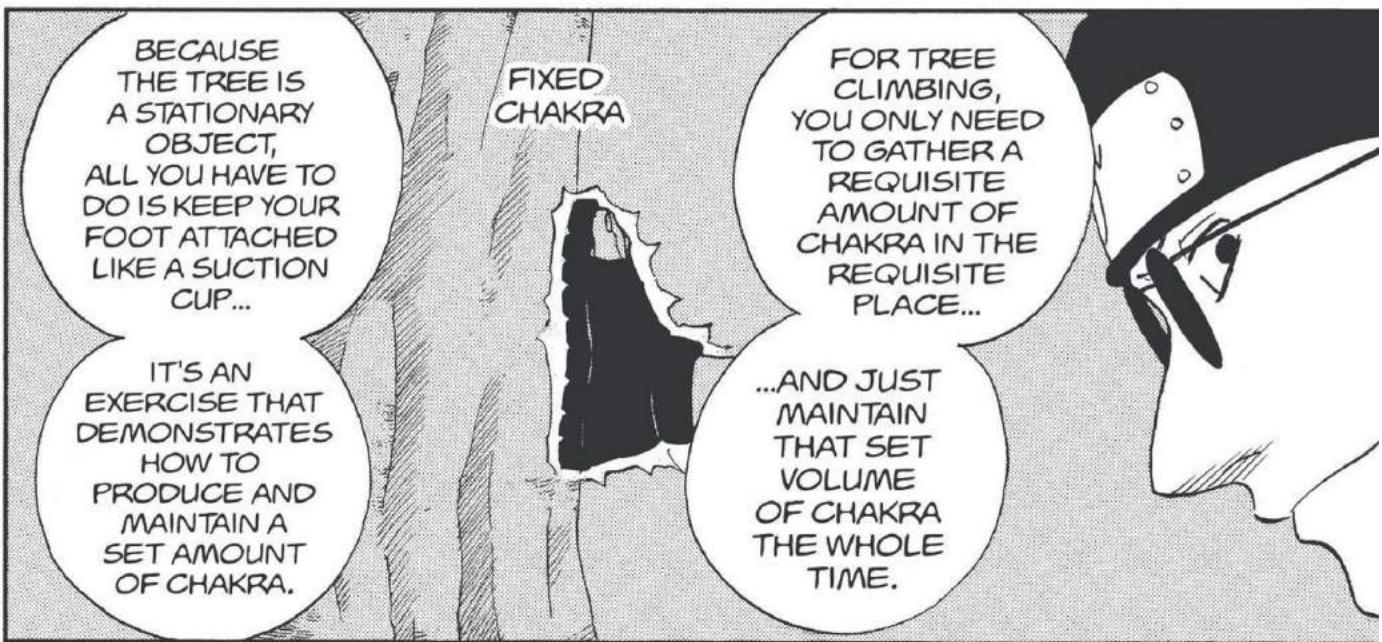

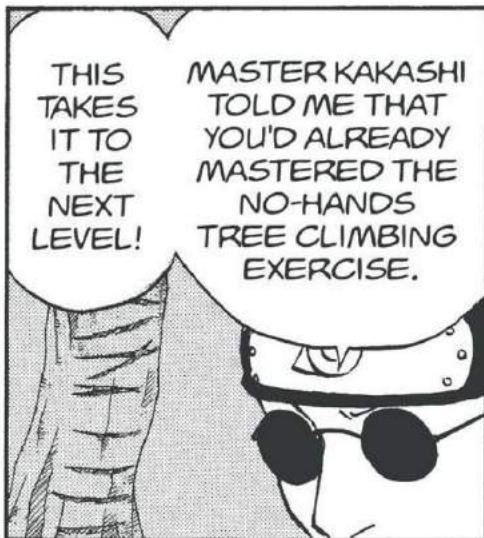

WELL THEN, MASTER EBISU... THANK YOU.

ARGH!
